- 19127444 - Ngô Đăng Khoa

### Introduction: **Ez Cooking for everyone**

- Creating a platform that allows everyone to share recipes and allows busy people who want to learn cooking easily through recipes on the platform.
- Connecting people in the society through dishes.
- Helping everyone cook dishes themselves quickly.

### Target users and environments

- We want to **create this website for everyone only in Vietnam who wants to cook and learn how to cook** quickly and delicious dishes.
- The environment we use is **Website**.

### Key features

- Upload recipes and tutorial videos.
- Give feedback and rating.
- Study and ask 1 vs 1 with instructors through social connections such as messenger or zalo, etc.
- Chat with everyone on the platform.
- Save videos into user-accounts.
- Write blogs to share and discuss about cooking.
- Find and classify some types of dishes.
- Suggest some stores or malls that supply ingredients for the dishes.
- Increase experience level when users achieve a certain goal to help users have passion for learning cooking.
